What would home footage look like if it was made by Prince Phillip? Well, we have an idea.

In this exclusive video, Phillip films as the Queen coos with [her great grandson](#).

But it all gets a bit much for the royal tot, as [Prince George](#) vomits milk down his front - quickly wiped away by mum Kate.

Phillip jokes: "Liz is getting her hands dirty - and her jacket! Better out than in!"

Of course, it's not quite as simple as that, as these are not the real royal family, but look-a-like actors.

The footage was taken by artist Alison Jackson, who is [renowned for her reproductions of palace life](#).
